

THE SPONGE & HAMMER

Building community resilience through The CoHub and HCRN

COLLABORATE. EMPOWER. IMPACT.

1. THE HAMMER

(Emergency Pressure)

- Heatwaves / severe weather
- Fires / power / water outages
- Public health incidents
- Rising demand on services
- Vulnerable residents at risk

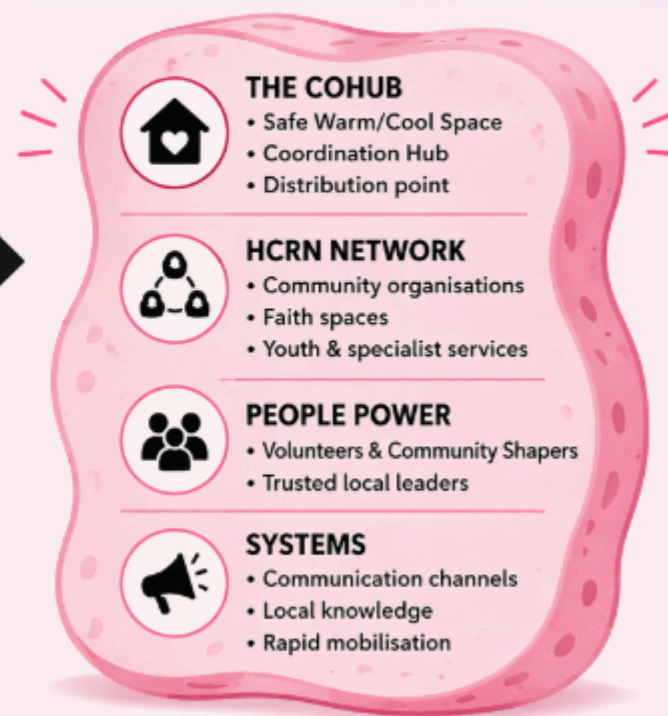

2. WITHOUT STRONG COMMUNITY RESPONSE

- Services overwhelmed
- Slow or fragmented response
- Vulnerable people missed
- Misinformation spreads
- Community confusion

3. WITH THE COHUB & HCRN

(A STRONGER COMMUNITY "SPONGE")

**A STRONGER COMMUNITY "SPONGE" ABSORBS THE IMPACT –
PROTECTING RESIDENTS AND REDUCING PRESSURE ON SYSTEMS.**

*This is what we are building together through **The CoHub** and **HCRN**.*
